

NAEMSE's EMS Educator Course

the beginning education process to become an EMS instructor.

The content of this course aligns the NAEMSE developed modules with the curriculum objectives of the 2002 National Guidelines, and has been designed to provide a basic introduction of concepts for the beginning EMS educator.

NAEMSE recognizes that the development of a professional EMS educator requires many components including: formalized education in all aspects of the educational process, practical experience in teaching and mentoring by other members of the educational team to foster personal growth and development. This course DOES NOT include all these components, only the beginning steps of the process.

education hours have been applied for through NAEMSE, which is accredited by the Continuing Education Coordinating Board for Emergency Medical Services (CECBEMS)

NAEMSE is pleased to invite you to the NAEMSE EMS Educator Course, **March 10 - 13, 2005**, at the **Atrium Hotel in Irvine, California**.

NAEMSE EMS EDUCATOR COURSE
March 10 - 13, 2005: Irvine, California

Goals of the course include:

- To assist attendees in achieving the entry-level portions of the *DOT/NHTSA 2002 Guidelines for Educating the EMS Instructor* (To attain this goal students are required to complete selected readings on the NAEMSE website prior to attending the actual course.)
- To provide tools and resources to attendees who want to teach to the best of their potential.
- To provide foundational information on the teaching process.
- To provide opportunities for networking and interpersonal growth.

Summative evaluation of the course:

- Participants will complete a written post test which includes information from the NAEMSE Educator Course website.
- Participants will be assigned to a team to complete a practical exercise that applies the principles of this course.

The course will be held March 10 - 13, 2005, 8:00 a.m. - 4:30 p.m. each day.

Registration includes two refreshment breaks, student manual, and NAEMSE Educator Course website materials.
